Pos.	Item Code / Description	Quantity	Price
	Housing Length:	approx. 150.2mm	
	Flange Diameter:	approx. 30mm	
	Contact Material:	Gold-Gold	
	Housing Material:	Engineering Plastic + Aluminium Alloy	
	Rotating Speed:	0-100 rpm	
	Temperature Range:	-30°C to +80°C	
	Protection Degree:	IP51	
	Operating Humidity:	0~85% RH	
	Working Life:	20 Million Revs	

Information on the current delivery situation

We are very interested in a cooperative "togetherness" and therefore we would like to inform you about the current supply situation. Due to the corona virus, worldwide supply chains are disrupted. The production of individual components is taking longer, worldwide transport routes are overloaded and prices on the raw material markets are rising. The supply situation continues to worsen and it is not expected that the situation will ease quickly in the coming weeks. For your products or existing blanket orders, we will inform you in good time and in the best possible way about any problems that may arise as well as alternatives with shorter delivery times. Please plan for extended delivery times in the coming weeks at an early stage or, in the event that you provide your own material, increase your stock or place your orders with us in good time so that we can also adjust our production accordingly and thus try to plan even more "optimally" in advance. We continue to monitor the market situation very closely and will discuss any changes with you. If you have any further questions, please do not hesitate to contact us. We are always ready to help you and, as always, we will try to support you in the best possible way! We hope for your understanding and continued good cooperation.

Delivery time: approx. 8-9 weeks after payment receipt
Offer valid until: 23.11.2022
Pricing term: net.
Terms of shipment: Selfcollector
Terms of delivery: ExWorks
Terms of payment: payment in advance

In case of any questions please don't hesitate to contact us at any time. We hope to meet your requirements and we assure you that your order will be dealt with promptly.

We look forward hearing from you soon.
